SoP for handling cases of Aadhaar authentication issues

- 1) Check Aadhaar authentication with all 10 fingers.
- 2) If above does not work, go to nearest Aadhaar PEC and update mobile number using Iris scan. Also, update biometrics.
- 3) If mobile number update happens quickly, use OTP option for Aadhaar authentication.
- 4) If mobile number update takes time, carry out registration using “Non-Aadhaar option”. EID at the time of Aadhaar biometric option must be quoted while registering on csmssy.in portal
